

TAKING THE LEAD IN EDUCATION

AFAA-NE Corporate Sponsorship Program

Corporate Sponsorship Program:

The Automatic Fire Alarm Association of New England is seeking support from corporate sponsors to assist in our mission of “Taking the Lead in Education”.

In an effort to keep costs affordable for our membership, we are offering sponsorship opportunities to help provide funding which will go to the maintenance of our existing training programs, and help us develop new ones.

We will also be working with local schools to provide “scholarships” so students can attend our membership meetings at no cost to them. These opportunities will expose students to current topics in the industry and allow them to network with the fire protection community. We will continue to offer sponsorship opportunities at individual events as well.

If your company is interested in becoming a corporate sponsor, please register here. Alternatively, if you are interested in paying via check, please contact us at treasurer@afaa-ne.org.
