September 20, 2017 Dinner Meeting

Last year we told you What documents you would need,

In May we told you the Who and the How!

In September we tell you how to close it all out!

Hosted by AFAA-NE

Featuring Maurice Pilette

Regulatory Plans Examiner, Inspector

Some of the highlights are:

- Pre-Test lists for Acceptance testing prep
- Documentation and who is responsible:
 - System Record of Completion
 - System Record of Inspection & Testing
- Punch List Items and the things everyone forgets...
- How to appease the AHJ
- Open Discussion
 - Bring your questions and your experiences for open discussion

This will prove to be one of those Must See presentations. When all of the parts are on the wall and the I/O programming is done and you're finishing that 100% Acceptance Test with the local Authority... What is left, what is forgotten How do you know you have crossed all the "T"s and dotted all the "I"s?

Before you register, please think of a question you have for Maurice, at the on-line registration there will be a place to write your question down and all questions will be addressed if time allows.

We are expecting a full house for this exciting and informative meeting so Register Early!

**So please come have a sumptuous buffet dinner and join in on this informative and interactive evening!
More info and registration on the back...**

Welcome to the AFAA-NE 2017!!!

- 2017 is beginning with two ambitious events, One is the May 24th meeting on Permitting Documentation, this is a Must See Event for all Project Managers, Engineers, AHJs and Installation Company Owners. A follow up to that is this September Meeting, a One, Two punch to help you get your installations moving!
- The AFAA-NE is also bringing code updates in 2017 and beyond:
 - The AFAA-NNE is pleased to announce the start of a 4 Part series on talks on the new Fire Alarm Codes as it pertains to the wiring, Installation, Trouble Shooting and Testing of Fire Alarm Control Systems. Venues and Date to be announced, our first is in CT on May 9th see www.afaane.org.

Circuit Classifications

- Quarter 2, 2017 will be on Fire Alarm Wiring

Installation

- Quarter 4, 2017 will be on Fire Alarm Installation
